

# HESES18 Tables 7a, 7b and 7c Healthcare

Rebecca McCutcheon  
Funding round advisor

## What are we going to cover?

We are going to look at the specific definitions and concepts relating to Tables 7a, 7b and 7c.

This will include:

- what is recorded on these tables
- changes from HESES17
- the different healthcare professions recorded
- table-specific definitions
- fundability status of healthcare students
- which students should, and should not, be recorded

We will also do some exercises to help with understanding these definitions.

## What are Tables 7a, 7b and 7c for?

The Health tables record students:

- on certain pre-registration nursing, midwifery and allied health courses
- that started their course in 2016-17, 2017-18 or 2018-19

These students will already be recorded on Tables 1-3.

We collect information on these students to inform the transfer of funding responsibility from the Department of Health and for planning.

## The transfer of funding responsibility

Funding responsibility for courses leading, on successful completion, to first registration as a professional in nursing, midwifery and certain allied health professions transferred from the Department of Health and Social Care to HEFCE and now the OfS.

The transfer of responsibility has been done in phases for different professions and levels of study:

- Phase 1, 2017-18: undergraduate other than dental hygiene and dental therapy
- Phase 2, 2018-19: dental hygiene and dental therapy, and postgraduate courses

We have been collecting information in advance of these transfers to calculate funding.

## Changes from HESES17

- Next phase of transfer of funding responsibility to include undergraduate dental hygiene and dental therapy, and postgraduate pre-registration courses taking effect from 2018-19
- Now collecting information for students that started courses in 2016-17, 2017-18 **and** 2018-19

Table 7a: Full-time counts of years of instance for 2016-17, 2017-18 and 2018-19 starters on pre-registration health courses																
Institution		Validation: OK First-stage credibility: OK						Validation: OK First-stage credibility: OK						Column 2		
		Column 1						Column 2						Column 3		
		Years countable between 1 August 2018 and 1 December 2018 inclusive						Forecast of years countable between 2 December 2018 and 31 July 2019 inclusive						Forecast (negat)		
		(a) Starters in 2016-17		(b) Starters in 2017-18		(c) Starters in 2018-19		(a) Starters in 2016-17		(b) Starters in 2017-18		(c) Starters in 2018-19		(a) Starters in 2016-17		
		O/S	Non-fundable	O/S	Non-fundable	O/S	Non-fundable	O/S	Non-fundable	O/S	Non-fundable	O/S	Non-fundable	O/S	Non-fundable

		PGT (UG fee)			0.000	0.000	0.000	0.000			0.000	0.000	0.000	0.000	0.000	0.000

## Who is recorded on Table 7a, 7b and 7c?

- Home & EU students
- Studying **specific pre-registration** courses
- Who started their course in **2016-17, 2017-18, 2018-19**.

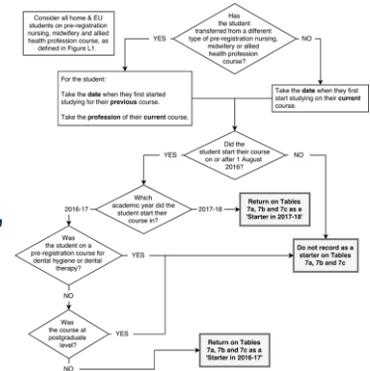

These courses need to be approved by specific regulatory bodies:

- The Nursing and Midwifery Council
- The Health and Care Professions Council
- The General Dental Council

Further detail on these professions and courses is in **Annex L of the HESES guidance**.

## Starter vs New entrant

- ‘Starter’ in tables 7a, 7b and 7c does not have the same definition as ‘New entrant’ for Tables 5 and 6
- Generally speaking a ‘Starter’ is a student starting study for the first time on a relevant pre-registration course in 2016-17, 2017-18 or 2018-19.
- Due to the phased transfer of funding responsibility, ‘starters in 2016-17’ are not required on Tables 7a, 7b and 7c for dental hygiene/therapy and postgraduate courses

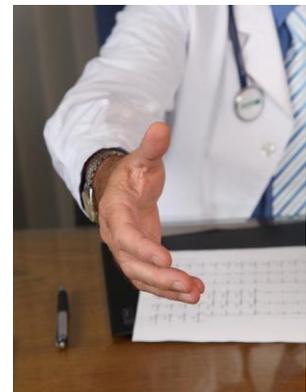

Running footer

## Fundability status

Applies to Home and EU students

Varies by:

- Level of study (undergraduate or postgraduate)
- Profession of pre-registration course
- Year student was a starter (2016-17, 2017-18, 2018-19)

Running footer

## Fundability status of undergraduate Home and EU students

Courses leading on successful completion to first registration in:	Home and EU Starters in 2016-17	Home and EU Starters in 2017-18	Home and EU starters in 2018-19
Nursing: adult, children, learning disability, mental health, unclassified Midwifery Dietetics Speech and language therapy Podiatry and chiropody	Students are non-fundable	All students are OfS-fundable unless exclusions apply	All students are OfS-fundable unless exclusions apply
Occupational therapy Operating department practice Orthoptics Physiotherapy Radiography (diagnostic)	Students are non-fundable if the course is provided under contract with the NHS. Otherwise they are OfS-fundable	All students are OfS-fundable unless exclusions apply	All students are OfS-fundable unless exclusions apply
Dental hygiene Dental therapy	Students are OfS-fundable unless exclusions apply. Data not required in Tables 7a-c.	All students are OfS-fundable unless exclusions apply	All students are OfS-fundable unless exclusions apply

## Fundability status of postgraduate Home and EU students

Courses leading on successful completion to first registration in:	Home and EU starters in 2016-17	Home and EU starters in 2017-18	Home and EU starters in 2018-19
Nursing: adult, children, learning disability, mental health, unclassified Midwifery Dietetics Speech and language therapy Podiatry and chiropody	All students are non-fundable. Data not required in tables 7a, 7b and 7c.	All student are non-fundable.	All students are OfS-fundable unless exclusions apply.
Occupational therapy Operating department practice Orthoptics Physiotherapy Radiography (diagnostic)	Students are non-fundable if the course is provided under contract with the NHS. Otherwise they are OfS-fundable. Data not required in tables 7a, 7b and 7c	Students are non-fundable if the course is provided under contract with the NHS. Otherwise they are OfS-fundable.	All students are OfS-fundable unless exclusions apply.

## How to fill out Tables 7a, 7b and 7c

All students recorded in Tables 7a, 7b and 7c will also already be recorded in Tables 1, 2 and 3.

1. Identify students that are:

- on the relevant courses and
- in the relevant 'Starter in' population

2. Record student years of instance using the same definitions (mode, level, etc) and columns as in Tables 1, 2 and 3.

We expect very few (if any):

- students on sandwich years out
- students on 'long' years of instance
